

Summer Analyst — Treanor Devlin Brown

Location: Manhattan, New York (Hybrid)

Term: June 1, 2026 – August 7, 2026 (flexible)

Eligibility: Available to rising college seniors

Compensation: \$1,000 per week

About the Role

Treanor Devlin-Brown PLLC is seeking a Summer Analyst to join our growing Manhattan litigation boutique led by two former federal prosecutors with a combined 50 years in high stakes criminal and civil litigation.

This is a program for current college students who want hands-on experience in white-collar criminal defense, government investigations and trial work of all kinds. TDB Law is particularly known for its expertise in cryptocurrency fraud recovery cases and other litigation involving emerging technologies.

Summer Analysts will work alongside our lean case teams, working directly with the firm's founding partners, attorneys and analysts on active matters. You will gain a window into the legal profession by taking on real responsibility from day one. This role will give you valuable connections in the legal community and help you assess whether a career as a lawyer might be right for you.

Summer Analysts will have the opportunity to apply for full-time employment in our Analyst program.

Responsibilities

- Master the facts from investigation to trial in our high stakes litigations
- Manage discovery workflows and maintain case document systems
- Support open-source investigations into individuals, entities, and transactions
- Assist in witness interviews, depositions, client meetings, and court appearances
- Serve as the organizational backbone of case teams
- Leverage cutting edge AI and other tech to help us reinvent the law firm model
- Support firm operations and contribute to building a fast-growing practice

Minimum Qualifications

- A rising college senior pursuing a Bachelor's degree and possessing an outstanding academic record
- Excellent, proven writing and analytical skills
- Strong organizational skills and the ability to manage multiple priorities
- A willingness to take initiative and be a team player in engaging start-up environment
- Ability to work in our Manhattan office on a hybrid schedule

Bonus Considerations

- Interest in or familiarity with cryptocurrency and blockchain technology
- Understanding of artificial intelligence technologies and advanced workflows (including AI-assisted coding)
- Foreign language skills

To Apply

Please submit the following materials to careers@tdblaw.com with the subject line “Summer Analyst Application”:

1. Resume
2. Unofficial university transcript
3. Writing sample — no more than ten pages (an excerpt from a longer piece is fine); all writing must be your own work.
4. A reference with contact information
5. A cover email of 300 words or less explaining your interest in a potential career in the law generally, in this position specifically, and why you think you would be a good fit for this role.

No cover letter is necessary.
